

One-week workshop on Research Methodology, Research Ethics and IPR

The Department of Mathematics at Janki Devi Memorial College, University of Delhi, successfully organised a **one-week workshop on Research Methodology, Research Ethics and IPR** aimed at equipping students and faculty members with essential research skills and knowledge, from **April 1st to 5th, 2025**.

The workshop commenced with a warm welcome by the Teacher-in-Charge, Prof. Ritu Arora, along with the Association Incharges Mr. Aditya Robin Singh and Dr. Rakesh.

Dr. Ranjana Jain from the University of Delhi conducted the inaugural session and delivered a highly engaging and informative talk. The sessions on the first two days were held in offline mode, allowing for interactive in-person discussions. From the third day onwards, the workshop transitioned to the online mode.

The second day featured an insightful session by Ms. Anveksha Moar, followed by Dr. Rashmi Rani on the third day, who brought valuable perspectives to the discussion. Dr. Rashmi Verma continued the academic discourse on the fourth day with a thoughtful presentation. The workshop concluded with an enriching session by Ms. Chanpreet Kaur on the fifth and final day.

The event concluded on a successful note with a formal vote of thanks, expressing deep appreciation to all the speakers for their valuable contributions and our Principal Prof. Swati Pal for motivating and supporting us. Special thanks were extended to the participants, the Teacher-in-Charge Prof. Ritu Arora, and the Association Incharges Mr. Aditya Robin Singh and Dr. Rakesh, whose efforts and enthusiasm were instrumental in making the workshop a meaningful and enriching experience for all.

Learning Objectives:

- Comprehending Research Methodology in Mathematics:

To develop an understanding of various research methodologies applicable to mathematical research, including both qualitative and quantitative approaches.

2. To familiarize participants with the process of selecting the appropriate research method based on the nature of the research question and objectives.

Research Problem Formulation and Hypothesis Development:

- To learn how to effectively identify and formulate clear, focused research questions within the realm of mathematics.

- To understand how to develop hypotheses and establish the scope of research within mathematical contexts.

3. Data Collection and Analysis Techniques:

- To explore different data collection methods used in mathematical research, such as surveys, experiments, and computational simulations.
- To learn analytical techniques, including statistical analysis, mathematical modeling, and the use of software tools such as MATLAB, R, and Python for data analysis.

4. Academic Writing and Dissemination of Research:

- To improve skills in academic writing, including structuring research papers, writing clear abstracts, and presenting results coherently.
- To provide participants with the tools for effective publication in academic journals and conferences, including guidance on peer review and the publication process.

5. Understanding Ethical Considerations in Research:

- To familiarize participants with ethical issues in mathematical research, including data integrity, plagiarism, proper citation practices, and the ethical treatment of research subjects.

6. Practical Application of Research Tools and Techniques:

- To provide hands-on experience with software and tools commonly used in mathematical research, such as LaTeX for document preparation and MATLAB for computational simulations.
 - To encourage participants to apply the research methods and techniques to their own work, fostering practical problem-solving and critical thinking skills.
-

Learning Outcomes:

1. Mastery of Research Methodology:

- Participants will demonstrate an in-depth understanding of the various research methodologies used in mathematical research, and will be able to apply these methodologies effectively to their research projects.

2. Advanced Problem-Solving and Analytical Skills:

- Participants will develop advanced skills in analyzing mathematical problems, formulating hypotheses, and using appropriate research tools and techniques to solve them.

3. Enhanced Academic Writing Proficiency:

- Participants will gain confidence in writing well-structured research papers, effectively presenting mathematical results, and following best practices for academic writing.

4. Strengthened Ethical Awareness in Research:

- Participants will be equipped to identify and navigate ethical dilemmas in their research, ensuring they uphold the highest standards of academic integrity.

5. Proficiency in Research Tools and Software:

- Participants will be capable of using specialized mathematical research tools, such as MATLAB and LaTeX, to conduct and present their research, enhancing both their practical and computational skills.

6. Improved Collaboration and Networking Skills:

- Participants will have the opportunity to collaborate with fellow researchers, fostering a network of peers and mentors who can support them in future research endeavors.

Posters of the Event:

JANKI DEVI MEMORIAL COLLEGE
(UNIVERSITY OF DELHI)

DEPARTMENT OF MATHEMATICS
in collaboration with
IQAC AND NEP implementation committee
organises a

One week workshop on
Research Methodology, Research Ethics and IPR
(in HYBRID MODE)

(CERTIFICATES WILL BE PROVIDED)

April 01, 2025 to April 05, 2025

FOR OFFLINE:
Room no. - 14 / CL - 3
12:00 pm-1:00 pm

FOR ONLINE:
Google-Meet
(link will be shared)
