E-Governance Report

2023-24

E-Governance (Electronic Governance) combines the most effective concepts of administration with efficient and democratic approaches enabled by Information and Communication Technologies. The structure of E-Governance involves the various stakeholders at different levels of the institution into one coherent workflow, thus integrating the system in one high tech environment. E-Governance is an innovative ecosystem, which fosters institutional integration as well as a free exchange of knowledge and ideas.

In JDMC, the ICT committee in collaboration with IQAC spearheads this movement by functioning as an intermediary between the faculty, administration, students and other stakeholders. The committee delineates the objectives for each academic year, and through the year follows through on their achievement. The committee meets those vendors which are approved by the administration (through the GeM portal) and hears their presentations. After each presentation, upon discussion the committee presents its recommendations and suggestions to the college, to further improve functionality as per E-Governance policies of the college.

Under the larger rubric of E-governance, various initiatives are encouraged by the college as per the policies of Government of India. These policies aim at promoting fair and transparent practices in the area of educational planning, administration, examinations, finance, teaching-learning and student support. Effective use of information and communication technologies (ICT) has enabled the college administration to provide prompt, user-friendly services, improve work efficiency, and maintain transparency and accuracy in our records.

The college is continuously working to achieve four stages of e-governance evolution: presence, interaction, transaction, and transformation.

1. **Presence** - JDMC has three interconnected websites, which are dynamic, and disseminate various forms of data, as well as provide an overview of the entire college.

जानकी देवी मेमोरियल कॉलेज JANKI DEVI MEMORIAL COLLEGE

आइ एस ओ 21001 : 2018 व आइ एस ओ 9001 : 2015 प्रमाणित एवं NAAC प्रत्यायित A+ महाविद्यालय
An ISO 21001 : 2018 and ISO 9001 : 2015 Certified and NAAC Accredited 'A+' College

These websites are routinely updated, refreshed and if required, redesigned to cater to the ever evolving systems in college. A manual has been created and is distributed routinely among the faculty and administration to allow for a uniform as well as aesthetically pleasing format of the information on the website. The college website was fully redesigned in recent years to further streamline the continuous flow of information between students, parents, faculty and administration. A new website, linked to the main interface, showcasing the 6 JDMC Centres was unveiled in 2021 and it now has data related to their collaborative efforts. Within these websites, there are multiple entry points/portals which relate to the other stages of E-Governance.

The college has also built a steady social media presence with its Twitter, Facebook and Instagram accounts. These accounts are instrumental in informing the various stakeholders of events in the college and for developing a strong social media visibility and public perception. It is also an important platform for highlighting the awards and accolades won by JDMC and its students as well as staff.

2. **Interaction** - The interactive spaces provided by E-Governance initiatives of the college are extremely effective and visible. JDMC provides all the relevant and secure student logins in one place on the website. The students and faculty have their separate logins and they have access to all the necessary modules from their respective user interfaces. This includes attendance and Internal assessment. Leave module was added last year for the staff members. This facilitates a seamless working environment, as data keyed in at one end will reflect instantly on the other. This has also created a collaborative environment, where different papers can be collated in an instant, for the convenience of students as well as university and college administration. There is also a fully equipped Lecture Capturing Room on the premises of JDMC. It has the required A/V facilities as well as a smart board to conduct recordings of lectures. Recordings of the lectures are made available for the students via the college YouTube Channel.
3. **Transaction** - JDMC has taken the transaction stage of E-Governance to the next level; Through the Option Forms Committee, we provide the students an integrated portal in which e-forms are filled and responses monitored by the college technical team. These forms are most particularly used at the time of selection of papers at the various stages of a student's academic journey. The students also receive a confirmation via

email, for the NEP GE/VAC/SEC courses that they select. The final list of optional papers are shared with the departments. We use two-way communication data repositories as well as cloud based structures to continuously stay in touch with the students. The various social media platforms are quite important in this regard, as they provide a real time interactive space, and assistance can be provided at a moment's notice. For resolving students' queries related to option forms a designated email id is provided and the students are encouraged to use it for grievance redressal related to options.

4. **Transformation** - It is not overstating the matter to say that JDMC is at the helm of a transformative movement which is driven by technology. We aim to empower our young women students by making them digitally equipped with confidence, aptitude and analytical ability. Technology is a necessary instrument to chase future transformation where physical reality is ready to merge with virtual reality in a multiuser environment. We provide resources from across the globe to our students, with access to their journals, softwares as well as their cultural mores. We also update our students about the cyber world, cyber security, technical tools and digital interface. Technology is used as a portal to understand practices across the world and then, to assimilate those practices into our own teaching learning processes. Automation of routine tasks has helped in this regard, as well as the inclusion of this technology into our classrooms.

Following are some of the practices of the institution that allow us to stay abreast of the fast changing world of ICT.

1. **Maintenance:**

All the teachers, staff and students have been allocated official emails and login credentials for exchanging information through various portals on the website. Proper training for working on different user interfaces is also regularly organised by the University, college, vendors and ICT Committee for faculty, staff and students. Apart from maintaining an online web portal, data formats and records, regular AMC services and upgradation is encouraged for maintenance of hardware and software inventory of the College.

आइ एस ओ 21001 : 2018 व आइ एस ओ 9001 : 2015 प्रमाणित एवं NAAC प्रत्यायित A+ महाविद्यालय
An ISO 21001 : 2018 and ISO 9001 : 2015 Certified and NAAC Accredited 'A+' College

2. Planning and design:

Every year necessary annual budgetary requirements are estimated and proposed for the ICT tools, hardware and software for teaching and learning processes. College administration and ICT Committee jointly work towards increasing the use of ICT enabled teaching-learning as well as encourage staff to maintain digital records. E-resources, ICT equipment, Computer Labs with latest software and hardware are procured by the college for enhancing ICT Usages among teachers and students. We also take feedback from departments for procuring appropriate software solutions to various issues. There is an existing network of teachers and staff members, who are available to help/educate in technological matters. Last year, JDMC received ISO 21001:2018 and ISO 9001:2015 certification. As a part of the ISO certification process, ICT was audited during Stage I and Stage II of External Audit in Feb-March 2023. The suggestions, observations and recommendations of the External ISO Auditor were duly incorporated in the ICT planning. Cyber security, data privacy, data backup policies were framed as per the recommendations. Necessary instructions for safe and appropriate use of technology and computer systems are placed in the Computer Labs.

3. Execution:

The continuous process of training and updating for staff and faculty in JDMC has led to a lot of the routine matters being a part of stable E-processes. A functional and routinely optimised website provides an excellent platform for various tasks which have to be performed by all stakeholders. Most of the routine administrative work has already shifted online. JDMC bought and used various softwares through the pandemic and continues to use many of those platforms for various processes. This has not only led to more efficient workflows, but has created a more democratic and transparent environment for teaching and learning. An example of this is the Smart Board usage in classrooms and Zoom handle for online events. Student presentations, lectures, with video links, tutorials made with multimedia sources, all are used within the traditional classroom space, transforming it for the better.

E-Governance objectives

The ICT committee defines objectives for each year and then coordinates with various stakeholders to achieve the same. If any objective is not met for some reason, there is a review of the concerned objective to suggest possible methods of its completion. Following is the list of objectives for 2022-23 as formulated in the beginning of the session and implemented throughout the year.

Recommendations for 2022 -23

- The ICT committee proposed to procure more smart boards, stylus pens and research softwares for the next academic session.
- Plan to hold training sessions on how to record lectures with proficiency.
- Developing a personalised college YouTube channel in an ICT enabled environment.
- Developing copyrighted e-resources, training to handle Library 2.0 version and procurement of editing software for video lectures for the college.
- Integrating college websites for information related to IQAC centres, online certificates and forms.
- The fourth issue of the e-journal *Perspectives* to be planned and released.
- Acquiring and customising an edutech portal like Mobiquel.
- Improving cyber awareness among students and staff.

Following are the highlights of E-Governance in the year

2023 - 24

1. Administration

- The JDMC administration has a two pronged approach to ICT. We aim to use ICT for speed as well as accuracy. All meeting records are shared online for quick dissemination as well as real time feedback.
- Soft copies of important documents, University notifications etc are shared through email, on WhatsApp as well as on the website.
- The College administration has stepped ahead in the direction of paperless administration and almost all communication with higher authorities are done

online through e-mails and other digital formats. Database management is almost entirely paperless. Administrative work is conducted through online/hybrid meetings. For the facilitation of this, the committee room has been refurbished and equipped with the latest Video conferencing apparatus. Various new desktops have been added to the administrative block to facilitate paperless practices. The LAN and Wireless internet connections have been strengthened.

- For each event, posters, pre-event brochures as well as post-event reports are uploaded across various platforms including social media platforms. This has been possible because now there are some best practices in place for such an update. Various stakeholders are involved in this process, including Department representatives, Student Union Advisors, Society and Club convenors as well as society office bearers. It has now become an integral part of JDMC work culture. The website committee, the Media committee and the social media team (Student Union members) are all a part of this workflow and dissemination of paperless information.
- An important IQAC accreditation support group initiative in this year was adopting a template based approach—the creation of templates for each event report, course and other such aspects of Teacher-Student life. The templates ensure that there is a standard format and since it uses the college Google workspace domain, it also optimises an already available platform. This is also a way to conserve paper and work towards a more efficient work flow. This has been a very successful initiative with positive feedback from all stakeholders.
- The APAR forms for faculty members have also been generated and filled through the Mobiquel Portal, which has allowed for streamlining of the promotions process.

The ICT based significant institutional tasks carried out online as part of the e-governance programme can be outlined as follows:

- The official contact details and important links for students as well as links to official social media profiles are made available.
- The updated information related to courses, departments, employees, organisational hierarchy, audit reports, annual reports, academic calendar, code

of conduct, important forms, fee structure, prospectus, scholarships, student fees relaxation etc, are displayed on the college website. This information is accessible through the homepage itself, for ease of access.

Supervision of various scholarship schemes:

- Online data for the various important scholarships is regularly checked and updated every year through secured login IDs.
- Information about other scholarships instituted by the college are also shared through electronic modes for the students and stakeholders.
- Various scholarship interviews were conducted online. Notably, the MDIP-GSC collaborative scholarship, which provides fee assistance as well as corporate mentorship to students, held its interviews online through the college Zoom Handle.
- The Prize committee has also been collecting student data and verifying information online. The prize list was prepared in a collaborative effort across departments. The various student award interviews also take place virtually. This is done in order to save time and to ensure that these processes happen in a prompt and transparent manner.
- Maintenance and disclosure of comprehensive information on its web-page,
- Crucial information such as DU Bulletin, University Notifications, e-prospectus, Circulars, Academic calendar, admission schedule are shared online and on college websites as an integral part of green practices.
- The details of governing body rules, composition of governing body and minutes of GB meetings are shared in a transparent manner and uploaded on the college website for all the stakeholders. The meetings are conducted offline/online or in blended mode.

Download section

- The download section for forms and feedback links is now upgraded and most of the forms can be filled in the online mode, like alumni registration, GE, SEC, Grievance redressal etc.

- APAR forms have also been made online, and now the Faculty members are able to enter their details on the mobiquel portal. The login for these is through allocated official login credentials of the teacher for eliminating the printing of lengthy forms and submission acknowledgements.

Development of ICT based infrastructure in the College,

- The ICT committee conducts various workshops and induction events to encourage teachers and students to use the softwares and machines procured for them to enhance the teaching-learning process. Certified Faculty Training Programmes are held to encourage the usage of ICT. The MOU with ICT Academy is renewed for next year for conducting student development programs and power seminars on digital technology and cyber security.

The institution employs various softwares to manage following levels of functioning –

- **Employee Leave Module-** Used for entry of all types of leave like EL/CL/ML/Child Care Leave/Maternity/Paternity, Study and Duty Leave, of Teaching and Non- Teaching Staff. Leave Details (Employee wise), various Leave Details of the Employee (at a glance) are processed. Applying Leave Enhancement Rules on Mid Term and Annual Term as per the University Rules are also logged in the leave module. The employees can see the details using their login details.
- **Stock Management Module-** This module manages the various procured inventory units including damaged items and those items which are not in use. The records of laptops issued to/returned by students, various gadgets like cables, stylus pen, mics etc. which are issued to students and teachers are also maintained in the stock management module. The purchase committee and system administrator regularly update and verify information related to inventory management.
- **GeM Portal:** GeM eliminates human interface in vendor registration, order placement and payment processing, to a great extent. Being an open platform, GeM offers no entry barriers to bonafide suppliers who wish to do business with

the Government. At every step, SMS and e-Mail notifications are sent to both buyer, his/her head of organisation, paying authorities as well as sellers. Online, cashless and time bound payment on GeM is facilitated through integration with PFMS and State Bank Multi Option System (SB MOPS); web-services integration is being extended to payment systems of Railways, Defence, major PSUs and State Governments. Seamless processes and online time-bound payment, which is also mandated by the Department of Expenditure, has given confidence to the vendors and reduced their 'administrative' cost involved in pursuing officers for timely payment.

- **Quick Heal Seqrite EPS** – It provides state-of-the-art cybersecurity solutions, helps to safeguard the IT assets of the Institution, respond against cyber-attacks and comply with regulatory and compliance frameworks.
- **Licence of Microsoft Office 2010-** Licence for MS Office is procured so that faculty and students can use new features of MS office tools such as PowerPoint, Excel, Word and MS Access.
- **Licence of Microsoft Window 7 (Upgrade to 10) -** New Window 7 Operating System is acquired for speeding up the user interface using taskbar, aero interface, window search and gadgets.
- **AMC- Annual Maintenance Contract for ICT** – Computer systems, desktops, laptops, printers, scanners, networks, etc. are regularly checked and AMC is also renewed.
- **Cloud-based Accreditation and Ranking Management System (AMS)** – Entry and organisation of data and documents pertaining to the NAAC Accreditation process (AQAR and SSR) was facilitated through InPods.
- Virtual Alumni meet events have been conducted.

- Online screening and interviews were conducted for promotion of the faculty members with more efficiency in the ICT equipped committee room.
- Plagiarism testing for the professors' interviews is done through the latest *DrillBit* software (Web based software of Turnitin).

2. Finance and Accounts

- Financial information like details of Vendors, Vouchers, Payments, Salary, Pension, Arrears are maintained online. Internal Audit reports, External Audit reports are available online. Various G2G, G2C and G2B financial transactions are recorded efficiently in an ICT supported environment.
- Tenders and ordering process is gradually shifted from manual to CPPP which is recommended by the Indian Government for all types of e-procurements. Under the various consortiums of government GeM and CPPP are already interlinked for buying and ordering the products and services (including transport).
- The salaries of employees including examination remunerations are paid online through NEFT/RTGS in the employees accounts. Pay slips are also shared in PDF files through emails, and Tax saving forms are also shared via email by the accounts department.
- The payment of scholarships and all purchasing transactions are executed necessarily as cashless to maintain transparency and financial accountability in the system.
- Outlined below are some of the major assignments being performed digitally at the College level-
 - Online payment of examination and admission fees
 - Pay bill preparation and management of various scholarship schemes
 - All kinds of payments including salaries to staff-members, arrears
 - All kinds of payments to speakers honorarium, TA etc.
 - Disbursement of salary slips and accounting of GPF
 - Hands-on disclosure of budgetary/financial data on its web-page
 - Conduct of computer awareness programmes for office-staff
 - Management of College accounts and many such functions as required

- All the accounts are being maintained with Canara Bank with maintenance of proper ledger at College level

Softwares are used to conduct the following financial activities –

- **Payroll Software with New Pension Scheme-** Salary register, Salary slips, Bank statements, CPF and GPF statements, Income Tax Statements are generated and maintained. Salary payment to employees through net-banking.
- **Financial Accounting Software-** Specific Ledger, Day Book, Journal Book, Cash Book, Cheque records, Receipts and payment statement, Income and Expenditure statement, Trial Balance, Balance sheet and Budget records are computerised.
- **Tally-** Tally software is used to maintain accounts and prepare cash books, e-vouchers and ledgers of all accounts.
- **PFMS-** The Public Financial Management System (PFMS) is a software application, developed and implemented by the Controller General of Accounts (CGA), Department of Expenditure, Ministry of Finance, Government of India. PFMS is used in direct payment to beneficiaries, payment and exchequer control and accounting of receipts (Tax & Non-Tax).
- **Canara Bank Easy Fee** – It receives fee payments from students in the digital mode. The Easy Fee is compatible with maximum payment platforms and Mobile Apps like UPI and Phone Pay.
- **Quick Heal Seqrite EPS** – It provides state-of-the-art cybersecurity solutions, helps to safeguard the IT assets of the Institution, respond against cyber-attacks and comply with regulatory and compliance frameworks.

3. Admission and Student Support

- The Institution has undertaken the following measures for e-governance in areas of student admission and support:
 - The admission of students is a completely online process that was conducted by the University of Delhi for the first time in 2020 to deal with the pandemic. The online admission since then, is administered by a centralised software that is maintained by the University.

An ISO 21001 : 2018 and ISO 9001 : 2015 Certified and NAAC Accredited 'A+' College

The college employs its software for the following admission related activities-

- **Admission and Fees Module-** All types of Admission related Reports, Intake Capacity Reports.
- Disclosure of admission rules/schedule on web-page.
- Preparation and publication of admission rolls and related statistics.

4. Student support

- Management of different scholarship schemes for students is done through the online portals. The records are also maintained online and shared with the various organisations providing the scholarship as required. The students are also informed about these scholarships through email, WhatsApp and the college website.

Following facilities are provided to the students to facilitate the teaching learning process.

- Wi-Fi campus and availability of internet/e-resources in the library
- Running of computer based programmes/courses
- Conduction of computer awareness/digital literacy programs for students
- ICT based teaching in smart class-rooms, and
- Maintenance of students' attendance in web-based formats
- Disclosure of students-centric information/data/materials on web-site

Above digital functions are realised online through the internet with support of ICT based infrastructure available in the College.

Following are various functions which have been automated and/or are done virtually or through software.

- **Certificates**—Certificates like Provisional Certificate, College Leaving Certificate, Bonafide Certificate and Appearance Certificate and Election List.
- **Timetable Module**—Timetables according to Rooms/Teacher, Timetable Entry according to Room/Teacher/Course/Paper, Time Table Report, List of Vacant Rooms are created.

- **Monthly Attendance Module**—Entry of Monthly Attendance with multiple teachers for a paper, Consolidated Attendance, Short of Attendance and Attendance Benefits like ECA, Medical and Sports after applying all University Rules related to attendance.
- **Online Student Portal**—Students and their parents can view aspects of student performance such as Attendance, Internal Assessment, Papers and basic details. The College Notice Board is also available on the portal.
- **Options forms for GEC/SEC/VAC**—Students choose their Generic Elective Courses and Skill Enhancement Courses through an online form. The options forms are generated through the option form module of the Mobiquel Software Suite, which has been procured by the college. .
- **Feedback forms**—Feedback on various aspects of college functioning are taken through online forms from faculty, students, alumni and parents.
- **G-suite for online classes**—Through the use of G-suite features like Classroom, Meet, Jamboard, Slides, etc, students can very easily access online learning as well as submit assignments. G-suite procured in 2020-21 has become an integral part of JDMC workflow.
- **Zoom**—The Institution's Zoom handle allows students to very easily participate in college events, meetings, webinars and add-on courses. The college purchased two additional zoom handles in 2020-21 to manage the increasing number of online events and meetings held. These subscriptions have been continued to facilitate various processes.
- **Library**—The library uses the Libsys software to effectively manage data related to library activities like circulation, serials, online search and maintaining a database of books. The proposed cloud version of software will allow the students to easily access library facilities. Latest version of Libsys is equipped with L Smart RFID technology, LSEase and Book Drop features.
- The Library also acquired a Barcode Scanner software to record footfall in the library.
- **Quick Heal Seqrite EPS**—It provides state-of-the-art cybersecurity solutions, helps to safeguard the IT assets of the Institution, respond against cyber-attacks and comply with regulatory and compliance frameworks.

SUPPORT FOR THE DIFFERENTLY - ABLED

- **NVDA screen reading software**—It is a specialised software designed to help visually impaired readers to access electronic texts.
- **Braille reader**—It is an electronic device that allows visually impaired readers to read the text displayed on a computer monitor, mobile or any display device.
- **Sugamya Pustakalaya**—It is a digital database of DAISY books for visually impaired readers. Digital Talking Books are now available for our teachers and students. Sugamya Pustakalya is developed by the Department of Empowerment of Persons with Disabilities, Department of Social Justice and Empowerment. These books provide following benefits to the readers:
 - A reader can access the book of his choice by using a single click.
 - The user can read these publications on any electronic device like mobile, tablet, PC, DAISY player or even braille using braille displays.
 - The reader can save history or create his online library.
- **E-resource-centre** in the library is disabled-friendly and has five laptops that have the latest version of INDO NVDA.
- **Virtual Library Link** is available on the website for ease of access.
- **Scanners**: There are two-Scanners for the visually challenged to facilitate scanning of Hard copy books.

Examination

The Institution manages examination related functions in a digitised manner in the following ways:

- Online registration, fee payment and issuance of admit cards
- Declaration of results on web-site, and
- Providing of mark-sheets in the e-form

The College administration is committed to have an automated examination system based on features of e-governance for bringing reliability & efficiency in the system and eventually to improve the quality of education.

- **Online Exam Portal**—The University provides the online portal for managing student

data regarding filling up of examination forms, examination fees and issue of admit cards for examinations

- **Examination**—The invigilators' duty list has been prepared through MS Excel, and has been shared online as well.
- **Internal Assessment**—The faculty of the college conducts regular evaluation through tests and assignments to complement the online teaching-learning process. These were conducted through Google classroom, online tests and emails, and students are able to easily participate in them. The internal assessment and attendance process are fully automated and the student can view her data through the student login portal on the website.

5. Planning and development

- Development of ICT based infrastructure in the College—Fully equipped recording room and video-conference facilities of the committee room were added which will help in developing lectures and E-resource material.
- *Perspectives* is an open access e-journal and the articles are available for all to read. Four issues have been released and it is now accredited with an eISSN number.
- Various training sessions were routinely organised for meeting the ICT requirements of the college.

Recommendations for 2024 - 25

- The ICT committee proposed to procure more smart boards, stylus pens and research softwares for the next academic session.
- Procuring hands-free/collar mics.
- Plan to hold training sessions on how to record lectures with proficiency.
- Developing copyrighted e-resources, training to handle Library 2.0 version and procurement of editing software for video lectures for the college.
- The fifth issue of the e-journal *Perspectives* to be planned and released.
- Acquiring and customising Data portals for faculty, students, alumni, time table and also for complaint handling.
- Strengthening/ Refurbishing the existing WI-FI system.

ICT Enabled Teaching Learning

ICT Initiatives

Janki Devi Memorial College is fully cognizant of its role in the timely and proper execution of educational policies and adoption of ICT Initiatives. The college is developing ICT enabled facilities and Teaching Learning related ICT Infrastructure for quick adoption of upcoming changes in the dynamic higher education system.

Past: First-time Desktop computers were used by the Accounts Department in the college in the year 1999, Administrative Department in the year 2002 and Library staff in the year 2004. First Computer Lab (CL1) was established in the year 2005 for Commerce and Mathematics students in the College with 28 computer systems. It was inaugurated by Professor Shirin Rathore, then Dean College University of Delhi. Further Two computer labs were also established for fulfilling the requirements of Commerce and Mathematics students. Additionally, a research room for faculty was started in the year 2017. At present college is equipped with four computer labs, one e-resource center, ICT facilities for differently abled students, one language lab, one recording room, 5 audio visual rooms, one research room and many rooms equipped with advanced projectors.

Present: At present most of the faculty members, administrative staff and students are using ICT facilities and resources of the college. All the students, teachers and staff members are provided with a unique user id and password. The campus is fully equipped with a fast wifi network in classrooms and administrative block. Advanced computer labs, E-resource center and administrative office are connected through secured LAN setup. The details of internet users and computer systems are provided below:

Internet Users	Computers	Login IDs	Speed
1000	951	3400	100 Mbps

8. Mobiquel APAR portal

The screenshot displays the 'SmartProf JDMC' portal interface. On the left is a dark sidebar with navigation options: 'My Profile', 'Current APAR', 'Previous APAR', 'Change Password', and 'Logout'. The main content area has a top navigation bar with tabs: 'Personal Details' (active), 'Academic Qualifications', 'Teaching Profile/Experience', 'Curricular Activities', 'Professional Activities', 'Publications', and 'Awards/Recognitions/Memberships'. Below these are sub-tabs: 'Projects', 'Other Information', and 'Grading'. The 'Personal Details' form includes a note: 'Note: Fields marked with (*) are mandatory.' It contains fields for 'Photograph *' and 'Signature *' (both with 'Choose file' buttons and 'No file chosen' text), 'Name *', 'Vidwan Id', 'Scopus Id', 'Orcid Id', 'Father's Name/Mother's Name *', 'Mobile No. *', 'Date of Birth *', 'Place of Birth *', 'Gender', 'Category', 'Nationality', and 'Marital Status'. All text input fields are currently empty.

9. Mobiquel Option Forms Portal for students

The screenshot shows the 'Mobiquel Option Forms Portal' for students. The top header includes 'My Account' and a user profile icon. Below the header, the course information is displayed: 'Course : B.A. (PROGRAMME) | BAP Combination : B.A Program (History + Philosophy)' and 'Exam Roll No :'. A red notice states: 'Note: Last date for filling is 12th July 2024 11:59 pm. The paper appearing in red in the drop-down list indicates either the seats in the paper is full or it is not offered to your course.' The form is divided into four sections for Semester 3: 1. SEC for Semester 3, 2. VAC for Semester 3, 3. GE Language for Semester 3, and 4. AEC for Semester 3. Each section has a 'Preference 1:', 'Preference 2:', and 'Preference 3:' label, followed by a dropdown menu labeled '- Select Paper -'. The dropdown menus are currently empty.

10. Mobiquel Timetable module

The screenshot displays the SmartProf JDMC interface. The top section shows the 'Timetable' for the course 'B.SC.(HONS) MATHEMATICS, Sem: 1, Section: A'. A modal window is open for 'Monday at Period 1', showing a dropdown for 'DSC', a dropdown for 'Algebra', and a dropdown for '13A'. Below these are checkboxes for 'Abha Jain' and 'Ahirao Dinesh Bharat', a 'Lecture' dropdown, and a 'TEST1' dropdown. A 'Save' button is at the bottom of the modal.

The bottom section shows the 'Room Wise Timetable' for room '14'. It displays a table with days of the week and periods 1 through 8. The table content is as follows:

Days/Time	Period 1	Period 2	Period 3	Period 4	Period 5	Period 6	Period 7	Period 8
MON	Group Theory II (L) 0 (Sharda Gautam) (Room No: 14)	Group Theory II (L) 0 (Sharda Gautam) (Room No: 14)	Elementary Real Analysis (L) 0 (Dr. Ritu Arora) (Room No: 14)		Discrete Mathematics (L) 0 (TANU GUPTA) (Room No: 14)			
TUE			Group Theory II (L) 0 (Sharda Gautam) (Room No: 14)

GRIEVANCE REDRESSAL MECHANISM

[Home](#) [Grievance Redressal Mechanism](#)

Grievance Redressal System

[Grievance Redressal Mechanism](#)

[Grievance Redressal Form](#)

Grievance Redressal Mechanism

In order to redress individual as well as collective grievances of the students of the College, a grievance redressal mechanism has been devised.

A grievance may be any kind of discontent or dissatisfaction or negative perception, whether expressed or not, arising out of anything connected with college/university that a student or staff thinks, or even feels, is unfair, unjust or inequitable. Any grievance /complaint relating to sexual harassment will not be covered under these rules as there is a separate mechanism for addressing such matters by ICC (Internal Complaints Committee).

Student Grievance Redressal Mechanism

To promote the welfare of students, Janki Devi Memorial college has a robust mechanism for handling student grievances related to academic and non-academic matters.

Admission-Schedule-UG-24.pdf 1 / 3 100% + 📄 🔗

Allocation-cum-Admission schedule for Undergraduate admissions for the Academic Session 2024-25.

The schedule for allocation-cum-admission to all Undergraduate programs of all colleges of University of Delhi for the Academic Session 2024-25 is as under: -

1. Commencement of Phase II of CSAS

After the declaration of results of the Common University Entrance Test (CUET)-UG by the National Testing Agency, the University announces the commencement of Phase-II of Common Seat Allocation System (UG)-2024 (CSAS-UG) from **Thursday, August 01, 2024.**

In this phase, the candidates who had successfully completed the Phase-I must login to their dashboard (<https://ugadmission.uod.ac.in>) to choose their preferred Programs and college combination, subject to fulfillment of the eligibility criteria.

Candidates who have still not registered themselves on the CSAS portal will also be able to register as the University has decided to keep both the phases open till **04:59p.m. Wednesday, August 07, 2024.** Phase-I and Phase-II will close at **04:59p.m. Wednesday, August 07, 2024** and the preferences saved/submitted by the candidate will get auto-locked on reaching the deadline of **05:00 pm Friday, August 09, 2024.**

2. Calculation of Program-Specific merit score

In Phase-II, the Candidates will have to map the subjects studied by them in Class XII to those in which they have appeared in CUET-2024. Only those CUET

Internal Quality Assurance Cell (IQAC)

Vision

The Internal Quality Assurance Cell (IQAC) of Janki Devi Memorial College, established in 2015, is the primary body for quality assurance, quality enhancement and quality sustenance. It plans, develops, and monitors mechanisms to build and promote a quality culture through institutionalizing and internalizing various quality-enhancing and sustaining initiatives with the objective of achieving excellence in every domain of institutional functioning. The functions of the IQAC include:

- a) Development and application of quality benchmarks for academic and administrative activities of the institution
- b) Facilitating the creation of a learner-centric environment to impart quality education
- c) Faculty development to equip them with the required knowledge and technology for participatory teaching and learning process
- d) Design, collection and analysis of feedback from all the stakeholders on the institutional processes and its follow-up for quality enhancement
- e) Dissemination of information on various quality parameters to all the stakeholders
- f) Organization of workshops and seminars on quality-related themes
- g) Record-keeping and documentation of programmes and activities leading to quality improvement
- h) Acting as a nodal agency of the institution for coordinating quality-related activities, including adoption and dissemination of the best practices
- i) Development and maintenance of institutional database for the purpose of maintaining and enhancing institutional quality
- j) Periodical conduct of Academic and Administrative Audits along with their follow-up activities
- k) Following the guidelines and parameters of NAAC including preparation and timely submission of the Annual Quality Assurance Report

INDIA'S LARGEST ONLINE LIBRARY FOR BLIND & PRINT DISABLED

Welcome to **Sugamya Pustakalaya**, India's first and largest collection of accessible books.

Stop Corona: Information is playing key role in our fight against Covid-19. Following are the links to this information in accessible format which is being updated every day.
<http://nivh.gov.in/index.php/stop-corona>

If you are looking for books accessible to the blind, people with low vision or to persons with any other print disability, this library of libraries is your one-stop shop.

Sugamya Pustakalaya is a collaborative effort of TCS, Daisy Forum of India and NIEPVD(National Institute for Empowerment of Persons with Visual Disabilities), Government of India to end the book famine faced by people with print disabilities.

Here, you can access books in diverse languages from various libraries across India. We have also partnered with international agencies like Bookshare and Accessible Books Consortium to provide you with accessible books from all over the world.

Users can access a collection of over 6,53,234 books, maintain their individual reading shelves online and also download books in chosen formats.

Sugamya Pustakalaya is a facilitating platform for producers of accessible content to jointly work in producing and providing accessible books to people with disabilities.

Once the admission is over in a particular admission list / round the college is able to download the data of all the admitted students course wise, which is then shared with the respective departments in the form of an excel sheet.

The screenshot displays the 'Download Admitted Applicants Data' interface on the Janki Devi Memorial College website. A dropdown menu for 'Course' is visible, with a 'Submit' button below it. Below the form, a large Excel spreadsheet is shown, titled 'grid-export - Excel'. The spreadsheet contains columns for Round, Allocation, Applied, Reference Form No, Course, Name, Score, Rejection, Mobile, Cancellation, Application, Admission, Gender, Allocation Category, Document, Fee, Corner, Approved, Program, Kashmiri, Cw Quota, Ward, and Quo Pa. The data is organized into rows, with the first row being a header and subsequent rows containing individual student records. The spreadsheet is viewed in a web browser window, and the system clock at the bottom indicates the date as 09-09-2024.
